Custom Antibody Inquiry Form

Thermo Scientific Open Biosystems Custom Antibody and Biomarker Development Service leverages our more than 10 years of experience in making over 16,000 antibodies to peptides and recombinant proteins to generate the highest utility antibodies. Antibodies are designed and made specifically to perform in your assays through advanced antigen design with Antigen Profiler™ Software and Targeted Antigen Display™ Conjugation. Complete online project tracking is also available for convenient and superior customer support. See what a completely integrated antibody provider with more experience can do for you. Just fill out this form and you will receive a customized plan and quote to best fit your antibody requirements.

Step 1: Fill out form below to be contacted by a project manager
Step 2: Receive a personalized plan and quote from your Fisher Scientific Sales Representative
Step 3: Order through Fisher Scientific

Customer Information	
Name:	
Email:	
Phone number:	
Organization / Department:	
Name of the target protein	
Are you interested in monoclonal or polyclonal antibody development	☐Polyclonal ☐Monoclonal
Host Species	☐Rabbit ☐Chicken ☐Guinea Pig ☐Goat ☐Sheep
Will you supply the antigen?	☐Yes ☐No
Would you like the antibody purified?	☐Yes ☐No
What is the primary intended assay application:	☐**Western Blot** ☐**ELISA** ☐**IHC/ICC/IF** ☐**FACS** ☐**Immunoprecipitation**
Target species of interest:	☐**Human** ☐**Rat** ☐**Mouse** ☐**Other**
Do you require antigen design assistance w/ Antigen Profiler?	☐Yes ☐No
Comments / other protein details:
