Purchase service contracts from Unity™ Lab Services to:

- Increase Productivity
- Head-off Unexpected Repair Costs
- Minimize Downtime
- Extend the Instrument Lifetime

Situation

- How important is the use of the instrument in your lab?

Problem

- If the instrument is not working will it affect your productivity?
- Who will provide ongoing maintenance after the basic warranty is expired?

Implication

- Would unexpected repair expenses be an issue for you in both cost of expense and cost of your time spent to gain budgetary approval for the expense?
- Would your time be better spent elsewhere?

Need Pay-off

- Is minimized downtime for this instrument important to you so that you retain your productivity?
- Is it important to you to extend the instrument lifetime and keep the instrument up-to-date with the latest upgrades?
