In vitro Diagnostics, Reagents, Test Kits and Test Sets

Experienced People. Innovative Results.

Fisher HealthCare is focused on meeting diagnostic testing needs in healthcare facilities across the nation. Wherever we are — in hospitals, reference labs, physicians' offices, government, point-of-care sites, public health clinics and universities — our people, products and business solutions help our customers deliver the best patient care. Our account management team members are recognized industry experts. Their combined expertise in disease state management, supply chain logistics, safety and regulation requirements, new technologies, diagnostic best practices, and business management makes the difference by providing uniquely effective solutions and delivering real value for every customer. The opportunity to prove our effectiveness and value to you is a true privilege. We hope you will allow us to earn your trust and become a long-term partner.

V797P-5992X

Histology/Cytology Products:

Specimen Collection: Biohazard containers, PAP smears, cytology collection kits, pre-filled containers, specimen containers/buckets

Chemicals: Solvents, alcohol (including 200 proof), buffers, caustics, water

Diagnostics: Stains and dyes, kits and reagents

Equipment: Tissue processor, coverslipper, cryostat, microtome

Consumable Supplies: Scalpels, blades, slides, cassettes, paraffin

Brands:

- Aspen Surgical Products
- CL Sturkey Inc.
- EMD Chemicals* Inc.
- Fisher Chemical
- Fisher Diagnostics
- Fisher Scientific
- Leica Biosystems Richmond Inc.
- Medical Packaging Corporation
- Thermo Scientific*
- Thermo Scientific Anatomical Pathology
- Triangle Biomedical Sciences Inc.

Featured Products:

Medical Packaging Pap-Pak* Smear Collection System

Description: Without mailing bracket; one slide; pump spray

Cat. No. 22-037-738

Thermo Scientific* Signature Series* Cyto-Stain*

Description: Four pints

Cat. No. 22-050-120

Fisher Scientific* Tissue Path* Paraplast Tissue Embedding Media

Description: Melting point: 56°C

Cat. No. 23-021-399

BD* Carbon Steel Blade for Dissecting Knife Handles

Description: Nonsterile; 2.375" long (6cm); size 60

Cat. No. 08-918E

Thermo Scientific* PrintMate* ES Cassette Printer

Description: PrintMate ES 150

Cat. No. A82800001

Item found on GSA contract GS-25F-7087G

Thermo Scientific* SlideMate* Slide Printer

Description: SlideMate Print On-Demand System

Cat. No. B81300001

Item found on GSA contract GS-25F-7087G

Featured Products:

Thermo Scientific* Immuno Plates, Clear

Description: Immulon, Flat-bottom, 2 HB, High Flange, 330uL

Cat. No. 14-245-61

Urinalysis Products:

Specimen Collection: Urinalysis kits, cups, caps, closures, plugs and seals, 24-hour urine containers

Chemicals: Water

Diagnostics: Quality controls, reagents, tablets and strips

Equipment: Urine chemistry analyzers, refractometers, centrifuges, pipettes

Consumable Supplies: Transfer pipettes, decontaminants/disinfectants

Brands:

- BD* Vacutainer*
- Decon*
- Fisherbrand
- Fisher Chemical
- Fisher Diagnostics
- Hycor Biomedical*
- Iris International*
- Reichert
- Roche Diagnostics*
- Samco Scientific
- Siemens Medical Solutions*
- Starplex Scientific Inc.

Featured Products:

Hycor* KOVA* System Urinalysis Kits

Description: PAC II; 800 determinations

Cat. No. 22-747-915

Samco Scientific* Wide-Mouth Bio-Tite* Specimen Containers

Description: Preassembled cap/container; tabbed label; 3000/case

Cat. No. 13-711-51

Fisherbrand* 24-Hour Urine Container

Description: Polyethylene; 3000mL graduation range

Cat. No. 14-375-248

Reichert* Goldberg Clinical Handheld TS Meter Refractometer

Description: For total solids

Cat. No. 13-946-100

Healthcare and Hospitals

V797P-5992X

Chemistry Products:

Specimen Collection: Serum filters, caps, closures, plugs and seals, bottles, blood collection needles, lancing devices, blood collection tubes, tube holders, syringes, glucose tolerance test beverages

Chemicals: Acids, bioreagents, dyes, solvents, water

Diagnostics: Kits and reagents, quality controls

Equipment: Electrolyte analyzers, blood analyzers, point-of-care analyzers, pipetters

Consumable Supplies: Biohazard autoclave bags, cleaners and disinfectants, serum separators, decontaminants/disinfectants, serological pipettes

Brands:

- Advanced Instruments Inc.

Featured Products:

Greiner* Vacuette* K2E K2EDTA Sep Blood Collection Tubes

Description: Non-ridge pull cap, 8mL, 16 x 100mm

Cat. No. 22-040-067

BD* SurePrep* Capillary Tubes

Description: Self-sealing, heparinized

Cat. No. 14-170-9C

Sims Portex Point-Lok* Needle Protection Device

Description: For needles from 16 to 30g

Cat. No. 22-004-139

Streck* ESR-Chex* Controls

Description: Levels 1 and 2, 4 x 9mL

Cat. No. 23-046-579

Healthcare and Hospitals

V797P-5992X

Microbiology Products:

Specimen Collection: Swabs, commode collection system, fecal transport vials, nasopharyngeal aspiration kit, blood culture vials, viral transport, syringes, sputum collection system, UA kits/cups

Media: Bottled, prepared, plated agar, antiserum, broth

Chemicals: Water, Alcohols

Diagnostics: Stains and dyes, kits and reagents, quality controls

Equipment: Pipetters

Consumable Supplies: Inoculating devices, swabs and applicators, environmental chambers, decontaminants/disinfectants, pipets

Brands:

- Alere Wampole*
- BD Diagnostic Instrument Systems
- Beckman Coulter Primary Care Diagnostics
- Decon
- Fisher Chemical
- Fisher Diagnostics
- Meridian Biosciences
- MPro*
- Starplex Scientific Inc.
- Thermo Scientific*
- Thermo Scientific Anatomical Pathology
- Thermo Scientific Remel*
- VistaLab Technologies*

Featured Products:

Thermo Scientific* Remel* Fecal Concentrator Kit II

Description: 50 Tests/kit

Cat. No. R21911

BinaxNOW* Nasopharyngeal Swab Accessory Pack

Description: 20 Sterile foam swabs

Cat. No. BNX-400065

BD* Sputum Collection System

Description: With graduated 50mL screw-cap tube, funnel w/hinged lid, label and protective body in protective bag

Cat. No. 14-432-20

Decon* LeLoop* Inoculating Loops

Description: Calibrated; 1µL

Cat. No. 22-032-089

Molecular Products:

Specimen Collection: Swabs, transport systems

Diagnostics: Kits and reagents, ELISA tests, quality controls

Equipment: Microplate readers, multiplex analyzers, automated ELISA systems, pipetters

Consumable Supplies: Ancillary items required for testing, decontaminants/disinfectants

Brands:

- Alere Wampole DS2/DSX
- BD Affirm
- Decon*
- Luminex Prima*
- Meridian Illumigene
- VistaLab Technologies*

Featured Products:

Meridian Bioscience* Para-Pak* Parasitology Transport Systems

Description: Two-vial kit; modified (Cu) PVA; 10% Formalin

Cat. No. 14-910-135

Alere* Wampole* LEUKO EZ VUE*

Description: 25 Tests

Cat. No. 23-046-530

Decon* CiDecon* Detergent Disinfectant

Description: 1 gal. (3.8L)

Cat. No. 04-355-64

Fire, Rescue and Emergency Response

Total solutions for Law Enforcement, Fire and Security

Fisher Safety* and GSA Advantage

Federal purchasers rely on *GSA Advantage* to access a comprehensive selection of first responder products from Fisher Safety. This online resource provides users with a number of tools — not only to purchase products, but also to manage the procurement process effectively.

Find all of these online:

Fire, Rescue and Emergency Response

GS-07F-0091H

R - DANGER - DANGER - DANGER - DANGER - D

First responder products from industry leaders

Fisher Safety* offers products from leading first responder manufacturers. Whatever the mission or application, from structural firefighting to hazmat operations, Fisher Safety is committed to providing the best in personal protection, thermal imaging and other essential equipment. Products featured on the following pages are representative of the various product families available to federal purchasers. To view the entire listing, visit www.gsaadvantage.gov and enter GS-07F-0091H in the search field.

Now, two more ways to find and order products

In addition to using the GSA *Advantage* online resource, users now have two more convenient ways to order their first responder products. Visit Fisher Safety's website (www.fishersafety.com) and type "GSA" into SEARCH, then refine by product category or supplier name. If you are a DOD EMAIL user, access our GSA product offering via <https://dod-email.dla.mil>.

Feel confident about purchases

With GSA-negotiated pricing and GSA-approved sources, users can purchase with confidence and the knowledge that pricing and sources have been thoroughly vetted.

Multiple payment options available

Pay for purchases using a variety of options — SmartPay GPC, AAC or DODAAC.

Keep on top of orders

Forget paperwork; GSA *Advantage* transactions are paperless and trackable — detailed order history allows user to track order progress.

Structural Firefighting

Exceptional protection from head to toe is absolutely essential for maximum performance on ever-changing fire grounds. Fisher Safety offers Morning Pride* turnout gear from Honeywell* First Responder Products, which not only protects the wearer, but also features designs that enable the wearer to move comfortably and effectively.

Brands:

- American Firewear*
- Honeywell PRO*
- Morning Pride
- Ranger*
- Scott Safety*

Featured Products:

Morning Pride Bronze BPR Structural Turnout Gear

Description: Tails and pants provide enhanced water repellency; sized Small through 2X-Large; meet NFPA 1971, 2007 edition.

Cat. No. 19-167-033C (tails)

Cat. No. 19-0167-034C (pants)

Honeywell PRO* Series 5050 Struximity Boots

Description: Dual-certified for structural and proximity firefighting; wide selection of sizes and widths; meet NFPA 1971, 2007 edition.

Cat. No. 19-813-907

Fire, Rescue and Emergency Response

GS-07F-0091H

Proximity Firefighting

Injury from intense radiant heat represents the greatest risk to proximity firefighters. Their gear must be designed to handle the heat, but afford them the flexibility and mobility required when fighting aircraft fires.

Brands:

- American Firewear*
- Honeywell* PRO*
- Morning Pride*
- Ranger*
- Scott Safety*

Featured Product:

Morning Pride Aluminized Proximity Turnout Gear

Description: Tails and pants designed for applications where sustained operations in high heat are anticipated; sizes available from Small through 2X-Large; meet NFPA 1971, 2007 edition.

Cat. No. 19-165-753 (tails)

Cat. No. 19-165-760 (pants)

Shipboard Firefighting

Below-deck emergencies demand gear that is built tough. The Morning Pride* Fire Protective Garment meets the various incident scenarios encountered by damage control firefighters.

Brands:

- Bullard*
- Morning Pride
- Ranger*

Featured Product:

Morning Pride Fire Protective Garment

Description: Lightweight, one-piece ensemble is approved and certified for use on board U.S. Navy ships and submarines; available sizes include Small to 3X-Large with regular or long inseam; meets NFPA 1971, 2007 edition.

Cat. No. 19-821-042

Wildland Firefighting

Uncontrolled brush and forest fires pose a number of unique hazards that require wildland firefighters to demand gear that is lightweight, yet durable.

Brands:

- American Firewear*
- Bullard*
- Honeywell* PRO*
- Morning Pride*

Featured Product:

American Firewear Wildland Jacket and Pants

Description: Provide durable protection and lightweight comfort; indicate size when ordering; meet NFPA 1977, 2005 edition.

Cat. No. 19-815-100

(brush jacket)

Cat. No. 19-815-101 (pants)

Airman Battle Uniform (ABU)

Permanent-press design for increased comfort and care. Holds shape; resists wrinkles and requires limited ironing. Made of 6 oz. cotton with digi-tiger stripe pattern.

Brand:

- Honeywell* First Responder

Featured Product:

Honeywell Airman Battle Uniform (ABU)

Description: Permanent-press jacket and pants for increased comfort and care; sewn to military standards; available in both men's and women's sizes.

Cat. No. 19-319-740 (men's jacket)

Cat. No. 19-319-700 (men's pants)

Fire, Rescue and Emergency Response

GS-07F-0091H

Hazmat Operations

Whether facing hazards from particulates, toxic gases or liquids, hazmat responders can find the right choice of chemical protective suits from Trelleborg* through GSA *Advantage*. Select from a variety of styles and protective levels, from chemical splash to encapsulated gastight suits.

Brands:

- Scott Safety*
- Trelleborg

Featured Products:

Trelleborg Trelchem* LPS NFPA 1991-2005 Certified Suit

Description: Limited-use suit for excellent protection against hazardous chemicals in liquid, vapor, gaseous and solid form (including warfare agents); available in Small to 3X-Large sizes.

Cat. No. 19-810-077

Detection

Detecting and identifying potential radioactive and chemical hazards that may be present during an incident is critical to first responder safety and that of surrounding communities. Lightweight, handheld Thermo Scientific* detectors give responders the necessary tools required to effectively manage and resolve incidents.

Brand:

- Thermo Scientific

Featured Products:

Thermo Scientific RadEye* G Dose Rater Meters

Description: Wide-range gamma survey meter is a lightweight, rugged instrument for quick, reliable detection of gamma dose rate.

Cat. No. 19-165-965

Decontamination

Fisher Safety offers decontamination solutions from Advanced Containment Systems to handle all situations — from technical decon to mass casualty. Fully self-contained decon trailers and skids maximize decon capabilities while minimizing set-up time and manpower requirements.

Brand:

- Advanced Containment Systems

Featured Product:

Advanced Containment Systems Hospital Decon Skid Shelter

Description: For use at hospitals and other at-risk locations where rapid response mass casualty decon capabilities are needed; available in three sizes to meet your on-site needs.

Cat. No. 19-165-4000

Thermo Scientific TruDefender* FT Handheld Chemical Identification

Description: Rugged, handheld FTIR system for rapid, in-the-field identification of unknown chemicals.

Cat. No. 17-720-404

Fire, Rescue and Emergency Response

GS-07F-0091H

Respiratory

Fisher Safety* provides different levels of respiratory protection designed to meet the varying needs of our end-users. First responders choose self-contained breathing apparatus that affords the greatest level of protection available. Escape hoods offer security and breathable air to citizens in emergency situations.

Brands:

- ILC Dover*
- Scott Safety*

Featured Products:

Scott Safety Air-Pak* 75 SCBA

Description: CBRN-approved assembly meets demands of NFPA 1981, 2007 edition. Buddy system indicator lights and alarms indicate PASS and cylinder status to fellow firefighters; angled PASS sensor makes it easier to see console.

Cat. No. 19-168-730

ILC Dover SCape* CBRN30 Escape Hood

Description: Delivers reliable protection with minimal training; comfortable one-size neck seal easily accommodates glasses, beards, long hair. HEPA filter provides biological/radiological/particulate protection. Five-year shelf life; NIOSH approved: TC-14G-0277.

Cat. No. 19-631-055

Thermal Imaging Cameras

Thermal imagers provide key data to first responders during incidents involving fire or hazardous materials. These lightweight units allow for easy analysis for quick, on-scene decisions. Select from handheld or helmet-mounted units.

Brands:

- Morning Pride*
- Scott Safety*

Featured Product:

Scott Safety Eagle Attack Thermal Imaging Camera

Description: Compact, full-featured tactical imager offers the performance, quality and durability that firefighters demand.

Cat. No. 19-500-713

Fire Trainers

Having the ability to train and develop firefighting skills is essential in providing effective responses. With Kidde Fire Trainers, departments have the ability to create and control live-fire training in a safe, controlled environment. Select from a variety of structural and mobile trainers, including aircraft simulators. Each trainer offers options to further enhance NFPA 1001 skills and advanced firefighting drills.

Brand:

- Kidde Fire Trainers

Featured Product:

Kidde Mobile Structural FIRETRAINER* T-4000

Description: Unit utilizes a heavy-duty, corrosion-resistant 45 ft. ISO container as its base structure on a 53 ft. trailer chassis for complete mobility; select from trainers featuring one, two, or three propane-fueled fires.

Cat. No. 19-139-674

Description: NanoDrop 2000
Cat. No. ND-2000

Thermo Scientific* Hypersil* GOLD HPLC Columns

Description: Particle size: 3µm; 50L x 3.0mm I.D.

Cat. No. 03-171-269

Orbeco-Hellige* SC400 Series Colorimeters

Description: For ammonia

Cat. No. 09-053-275

Thermo Scientific* GENESYS* 20 Visible Spectrophotometer

Description: 120V 50/60Hz

Cat. No. 14-385-445

Protein Research

Protein Research Reagents: Peptides, proteins, protein purification, protein labeling, protein microarray, protein characterization, antibodies, protein expression, Western blotting substrates, protein extraction, concentrators

Brands:

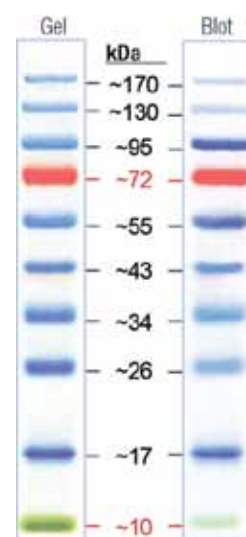

- 5 PRIME
- Fisher BioReagents
- Hofer
- Origene Technologies*
- Thermo Scientific Pierce
- Whatman*

Featured Products:

Fisher BioReagents* EZ-Run* Prestained Rec Protein Ladder

Description: Protein marker; 2 x 500µL

Cat. No. BP-360-31

4-20% Tris glycine SDS-PAGE, 5µl/lane

5 PRIME* PerfectPro* Ni-NTA Agarose

Description: 100mL

Cat. No. FP-240-0020

Hofer* TE22 Mini Tank Blotting Unit

Description: Accommodates four 9 x 10cm gels

Cat. No. 03-500-216

- Fisher BioReagents
- Genlantis
- Mirus* Corporation
- Operon
- Origene Technologies
- Thermo Scientific ABgene
- Thermo Scientific Dharmacon
- Thermo Scientific Fermentas
- Thermo Scientific Finnzymes

Featured Products:

5 PRIME* PerfectPrep* Plasmid 96 VAC Direct Bind Kit

Description: 10 Plate kit
Cat. No. FP-230-0210

Thermo Scientific* Piko* Thermal Cycler

Description: 24-Well
Cat. No. 14-230-249

Thermo Scientific* Fermentas* MassRuler* DNA Ladder Mix

Description: 80-10000bp, 103ng/μL
Cat. No. FERSM0403

Thermo Scientific* Phusion* Hot Start II High-Fidelity DNA Polymerase

Description: 500U (2U/μL)
Cat. No. F-549L

Genlantis* EZ-Spread* Plating Beads

Description: 50 Tubes
Cat. No. C400050

Cellular Analysis

Cell Culture Reagents: Cell culture media and sera, serum-free media, cell separation products (e.g., Trypsin), cell culture buffers, salts/EDTA, water, amino acids, antibiotics, cell culture kits, cells, microcarriers competent cells

Cellular Analysis: Antibodies, transcription factor assays, nano-particles

Brands:

- UVP

Featured Products:

Hoefer* Mighty Small* II Mini Vertical Electrophoresis Systems

Description: SE250 Basic System

Cat. No. 03-500-483

Fotodyne* Mini Single-Cell Electrophoresis Chamber

Description: Capacity: 7.2 x 9.3cm gels; 6, 8, 10 or 12 samples

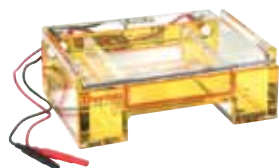

Cat. No. FD-114-08

Thermo Scientific* Owl* EasyCast* B2 Mini Gel Electrophoresis Systems

Description: Includes main chamber, lid with leads, UVT rays and combs

Cat. No. 09-528-110B

Spectroline* Microprocessor-Controlled UV Crosslinkers

Description: Model XL-1000; I.D.: 7.5L x 13.5W x 7"H

Cat. No. 11-992-89

Lab Appliances and Furniture

Constant Temperature: Hotplates, standard/low temperature incubators, rotary evaporators, homogenizers, ice makers

Other: Overhead/magnetic stirrers, mills, blenders, data recorders/loggers, vortex mixers, lab furniture, sterilizers

Brands:

- Curran Taylor
- Fisher Scientific
- Heidolph* USA
- IKA Works*
- KD Scientific
- MadgeTech*
- Spex SamplePrep*
- Thermo Scientific*
- Thermo Scientific Hamilton
- Troemner* Inc.

Featured Products:

Fisher Scientific* Lab Disc Magnetic Stirrers

Description: High protection; 15 to 1500rpm; 800mL

Cat. No. 14-261-224

Scotsman* Touchfree* Benchtop Flake Ice Maker and Dispenser

Description: 12 lb.

Cat. No. 09-540-102

Fisher Scientific* Analog Vortex Mixer

Description: 120V

Cat. No. 02-215-365

Research and Development

GS-25F-70870G

Chemicals

Analytical reagents and solvents, chromatography chemicals, inorganic and organic standards, certified ACS and USP dries, high purity solvents

Brands:

- Fisher BioReagents*
- Fisher Chemical
- MP Biomedicals
- SPEX CertiPrep*

Featured Products:

Fisher Chemical Acetonitrile (Certified ACS)

Description: Steel drum; 200L

Cat. No. A21200

Fisher Chemical Methanol (Optima LC/MS)

Description: Amber glass; 4L; EcoSafPak*

Cat. No. A4564

Lab Supplies

Animal Research: Cages, dissection trays, diet/nutrition, implements, feeding needles, restrainers

General Labware: Adhesives, batteries, burners, clamps, cleaners, desiccators, disinfectants, flowmeters, foil, handcare, labeling and tape, lubricants, magnifiers, racks/supports, sampling/samplers, sieves, stationery, stir bars, transport/mailers, trays, weigh boats, wipers

Time and Temperature: Temperature, timers

Featured Products:

Plas-Labs* Broome-Style Rodent Restrainers

Description: For animals 15 to 30g

Cat. No. 01-288-32A

Bio-Serv* Rodent Nesting Sheets* Enrichment Device, Certified

Description: 4.5 x 8.5"

Cat. No. 14-726-504

Kimberly-Clark* Kimtech Science* Kimwipes* Delicate Task Wipers

Description: 14.7 x 16.6"; 1-ply

Cat. No. 06-666C

Fisherbrand* Magnetic Stirring Bars

Description: Octagonal with pivot ring; color-coded; 24/pack

Cat. No. 14-512-132

Research and Development

GS-25F-70870G

Glassware

Lab Glassware: Beakers, bottles, culture and test tubes, cylinders, flasks general-purpose, funnels, pipets, slides, specialty glass

Brands:

- Corning*
- EP Scientific
- Fisherbrand
- I-Chem*
- Kimble Chase
- Thermo Scientific Erie
- Wheaton Science Products

Featured Products:

Pyrex* Brand Griffin Beakers

Description: 50mL Capacity with 10mL graduations

Cat. No. 02-450G

Fisherbrand* Superfrost* Plus and ColorFrost* Plus Microscope Slides

Description: Superfrost Plus, white; 75 x 25mm

Cat. No. 12-550-15

Fisherbrand* Reusable Glass Class A Volumetric Flasks with Stopper

Description: 10mL

Cat. No. FB-400-10

Kimax* GL 45 Media/Storage Bottles

Description: 1000mL; Blue cap

Cat. No. 02-542D

Wheaton* Clear Straight-Sided Jars with Polyvinyl-Lined Caps

Description: Valu-Bulk* pack; 32 oz. (946mL)

Cat. No. 02-911-421

General Plasticware

Lab Plasticware: Bags, beakers, bottles, carboys, cuvettes, culture and test tubes, flasks general-purpose, funnels, Petri dishes, transfer pipets, trays, tubing

Brands:

- Akro-Mils
- Ampac Flexibles
- Biomedical Polymers
- Fisherbrand
- Saint Gobain Performance Plastics
- Samco Scientific
- Therapak
- Thermo Scientific Nalgene

Featured Products:

Ampac* Flexible SealPAK Pouches

Description: Size: 6 x 4"; 4.5mL Thick; 4 oz. capacity; 24/pk.

Cat. No. 01-812-25D

Thermo Scientific* Nalgene* Lab Quality Wide-Mouth HDPE Bottles

Description: 8 oz. (250mL)

Cat. No. 02-893-5D

Fisherbrand* Petri Dishes with Clear Lids

Description: Polystyrene with beveled ridge; 100 O.D. x 15mm H; 25/sleeve

Cat. No. 08-757-13

Fisherbrand* Wash Bottles

Description: For acetone

Cat. No. 03-409-23A

Research and Development

GS-25F-70870G

Specialty Plasticware

Life Science Consumables: Cell cultureware (plates, flasks, dishes, inserts, tubes and cell scrapers), PCR plastics (tubes and plates), microplates (assay and Deepwell, mats and seals), cryogenic vials and tubes, roller bottles, plastic chamber microslides

Plasticware: Centrifuge tubes and bottles, microcentrifuge tubes, serological and aspirating pipets

Brands:

- BD Biosciences
- Biocision
- Corning Axygen
- EMD Millipore*
- Eppendorf
- Molecular BioProducts*
- Thermo Scientific ABgene*
- Thermo Scientific Nalgene*
- Thermo Scientific National*
- Thermo Scientific Nunc*
- Wheaton*

Featured Products:

Thermo Scientific* Nalgene* General Long-Term Storage Cryogenic Tubes

Description: With deep-skirted screw closure; 2.0mL

Cat. No. 03-337-7D

Eppendorf* Snap-Cap Microcentrifuge Safe-Lock* Tubes

Description: 1.5mL

Cat. No. 05-402-25

BD* Falcon* Standard Disposable Petri Dishes

Description: 3.93 x 0.59" (100 x 15mm)

Cat. No. 08-757-100D

Corning* Cell Culture Treated Flasks

Description: Canted neck; 75cm₂ culture area; 275mL

Cat. No. 10-126-37

Lab Safety

Lab Safety: Cleaning supplies, swabs, wipers, mats, eye and ear protection, fertilizers, hand sanitizers

Brands:

- 3M
- Contec
- Copan
- ITW Texwipe
- OSM
- Tennessee Mat

Featured Products:

OSM* All-Natural All-Purpose Cleaner

Description: 32 oz.

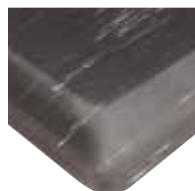

Cat. No. 15-336-500

ITW Texwipe* CleanTip* Swabs: High-Sorbency Series

Description: Foam-covered; 1/4" dia. with 5 3/8" handle length

Cat. No. 18-357

Wearwell* UltraSoft Tile-Top Antimicrobial Mats

Description: Blue; 3 x 10'

Cat. No. 19-151-177

3M* Centurion* Splash Goggles

Description: With clear lens

Cat. No. 19-130-1362

Research and Development

GS-25F-70870G

Physical Science

Geophysical and Environmental Analysis Equipment:

Air temperature measuring equipment, humidity instruments, noise analyzers, liquid flow measuring instruments, multi-parameter water quality instruments

Physical Science Products: Chart recorders, vibration testers, electrical parameter instruments, oscilloscopes, voltmeters, resistance meters, voltage recorders

Brand:

- Cole-Parmer*

Featured Products:

Cole-Parmer Borescope

Description: Flexible; 12" length

Cat. No. 50-63-2501

Cole-Parmer True RMS Industrial Logging Multimeter

Description: Handheld 4.5-digit; NIST-traceable calibration

Cat. No. 50-993-317

**Now on Fisher Scientific GSA Contract
GS-25F-7087G**

Have You Heard the News?

Fisher Scientific is the exclusive GSA supplier of BD Biosciences research reagents

Fisher Scientific has the exclusive opportunity to provide federal customers with BD Biosciences research reagents through the GSA contract. Customers are now able to purchase BD Biosciences products, in addition to all of their other research needs, all from the same place — Fisher Scientific.

Contact your local sales representative or visit *GSA Advantage* today to order the following products:

- BD Pharmingen
- BD Phosflow
- BD Cytometric Bead Array (CBA)
- BD OptEIA
- BD ELISPOT
- BD Transduction Laboratories
