Ultra-Low Temperature Freezers • Cryopreservation Storage • Lab Refrigerators and Freezers • CO₂ Incubators
DNA Vacuum Concentrators • Biological Safety Cabinets • Ovens • Centrifuges

Thermo
SCIENTIFIC

A full line of Thermo Scientific products for your lab

Every Thermo Scientific product is backed by our worldwide customer support and service. We are always ready to help you gain the maximum advantages from our high-quality laboratory solutions.

Revco® PLUS Ultra-Low Temperature Freezers

Protecting your precious samples

Revco High-Performance Lab Refrigerators and Freezers

Unrivaled protection for valuable samples and materials

Locator® Plus LN₂ Cryogenic Storage

Capacities up to 6,000 vials

Heracell® CO₂ Incubators

Ultimate cell culture protection

Savant® DNA 120 SpeedVac® Concentrators

Targeted solutions for DNA and RNA applications

1300 Series A2 Biological Safety Cabinets

Good for you, good for the environment

Precision® Ovens

Performance, quality and value

Sorvall® Legend® Micro 21 Microcentrifuges

Powerful centrifugation in a convenient compact size

Sorvall Legend and Sorvall ST Centrifuge Series

Setting new standards for benchtop processing

10 great offers

1 & 2

Thermo Scientific Revco PLUS Ultra-Low Temperature Freezers

Protecting your precious samples

Performance

Refrigeration system provides superior cooling and temperature recovery after door openings.

Protection

Foamed-in-place urethane or innovative high-density (HD) insulation for thermal protection and structural strength.

Reliability

More than two billion samples are stored inside Thermo Scientific cold storage products worldwide.

GREEN TIP
Revco PLUS consumes approximately 15% less energy and rejects 15% less heat into the environment than competitive freezers

Thermo Scientific Revco High-Performance Lab Refrigerators and Freezers

Unrivaled protection for valuable samples and materials

Peace of Mind

Microprocessor control for safe, worry-free cold storage.

Temperature Uniformity

Positive-forced air circulation maintains temperature uniformity to protect your valuable samples and inventory.

Dependability

Heavy-duty, hermetically-sealed compressors ensure years of service.

3

special offers

- 1 Purchase a Revco Ultima or Elite PLUS freezer and receive two free shelves of inventory storage racks – a value of up to \$2,000!
- 2 Take advantage of special pricing on our Revco ultra-low temperature freezer and rack packages with your choice of LN₂ or CO₂ back-up system – a value of up to \$1,889!

special offer

Purchase a Revco High-Performance lab refrigerator or freezer (23 cu. ft. or larger) and receive your **CHOICE** of:

- 1 Revco 7 cu. ft. undercounter refrigerator – a value of up to \$1,300!
- 2 Revco 5 cu. ft. undercounter freezer – a value of up to \$1,200!
- 3 Thermo Scientific Sorvall Legend 14 personal microcentrifuge – a value of up to \$1,300!

Thermo Scientific Locator Plus LN₂ Cryogenic Storage

Capacities up to 6,000 vials

Versatile

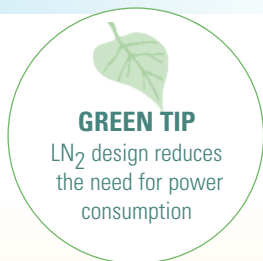

Available in four sizes, suited for both manual and computerized inventory record-keeping methods.

Convenient

Unique hanging rack and gridded box design allow for vial inventory tracking and easy sample retrieval.

Cost-Effective

Vacuum insulation minimizes liquid nitrogen evaporation and reduces operating costs.

4

special offer

Purchase a Locator Plus LN₂ storage system and receive a free wheeled cart – a value of up to \$300!

GREEN TIP

100% pure antimicrobial copper prevents unwanted contamination naturally without the need for handling toxic disinfection chemicals

Thermo Scientific Heracell CO₂ Incubators

Surround your valuable cultures
with an environment you can trust

Secured

Our innovative ContraCon moist heat decontamination technology is proven for simple and worry-free cleaning and operation.

Protected

Proven, contamination control is offered with our unique 100% pure solid copper interiors – antimicrobial protection on contact, naturally.

Thriving

Large water reservoir and unique heating system provide reliable, consistent humidity and fast recovery times.

5

special offer

Experience the continuous protection of 100% solid copper at a special price – a value of up to 1,200!

Thermo Scientific Savant DNA 120 SpeedVac Concentrators

Targeted solutions for DNA
and RNA applications

Consistent Performance

Designed to ensure drying time and reproducible results.

Simplicity

A single program is all you need to support your DNA/RNA application.

Sample Protection

Option of drying at ambient temperatures or very low heat to ensure maximum sample protection.

6

special offer

Purchase any Savant DNA SpeedVac and receive a FREE RD2MP rotor with two shallow-well microplate carriers – a value of up to \$997!

Thermo Scientific 1300 Series A2 Biological Safety Cabinets

*Good for you,
Good for the environment*

Reduced Operating Costs

Reduces operating costs by up to 75% compared to traditional biological safety cabinets with AC motors.

Increased Comfort

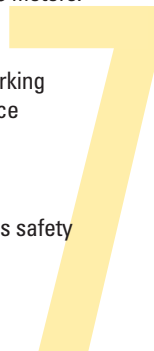

Increases comfort and encourages safe working habits with the sloped front, bright workspace and low noise level.

Maximizes Safety

Our innovative SmartFlow™ design maximizes safety with the Digital Airflow Verification.

GREEN TIP

The Model 1300 Series A2 with 8 inch window aperture reduces noise and energy costs to lowest levels while increasing filter life by 20%

Thermo Scientific Precision Ovens

*Performance, quality and value for
sample heating and drying*

High-Performance Ovens

Built for high temperatures and ultra-precise temperature stability and reproducibility.

Premium Ovens

Advanced microprocessor controls and temperature stability.

Standard Ovens

Electronic controls and gravity convection for everyday lab heating and drying.

Compact Ovens

Economical, compact design for drying and baking.

special offer

Purchase one of our packages with accessories for the **SAME PRICE** as a single unit:

- **Package 1** – includes **free adjustable stand, timed UV light and armrest**
- **Package 2** – includes **stainless steel interior walls plus Package 1 accessories**
– a value of up to \$900!

special offer

Purchase any Precision oven and receive a **FREE Thermo Scientific Cimarec 7x7 stirring hotplate** – a value of up to \$443!

Thermo Scientific Sorvall Legend Micro 21 Microcentrifuges

Powerful centrifugation in a convenient compact size

High Productivity

Generous capacity holds 36 x 0.5 mL microtubes, 24 x 2 mL tubes or 8 x 8 PCR strips.

Versatility

Broad range of rotors offers support for virtually any micro-volume protocol.

Safety and Convenience

Thermo Scientific ClickSeal biocontainment lid “clicks” to indicate proper sealing.

GREEN TIP

Energy savings with up to 40% fewer watts used per tube than competing models

Thermo Scientific Sorvall Legend and Sorvall ST Centrifuge Series

Unmatched capacity, performance and ease-of-use in a remarkably compact footprint

Exceptional Throughput

Process 4 to 40 x 50 mL conical tubes or from 32 to 196 x 5/7 mL blood tubes, all with certified ClickSeal biocontainment sealing options.

Unmatched Versatility

Extensive rotor selection, including Thermo Scientific Fiberlite rotors for higher G-force (up to 25,000) and faster speeds.

Breakthrough Technologies

Advanced Thermo Scientific solutions including Auto-Lock, for easy and secure rotor exchange in less than 3 seconds with just the push of a button.

9

10

special offer

Order one of our Sorvall Legend Micro 21 or 21R SPECIAL BUNDLES with your CHOICE of:

1. ClickSeal® biocontainment rotor and dual row rotor for APPLICATION VERSATILITY and **save up to 30%**
2. ClickSeal biocontainment rotor and INCREASE PRODUCTIVITY at price of Sorvall Legend Micro 17 or 17R

Plus redeem an additional two year warranty free!

special offer

Save more than 30% on complete centrifuge packages designed to meet your application needs – cell culture, blood processing, microplate processing and high performance with carbon fiber rotors – now expand the flexibility of your package with additional discounted centrifuge products.

Cat. No.	Description	Offer includes:
Thermo Scientific Sorvall Legend and ST Centrifuges		
Cell Culture		
75218382	Sorvall Legend X1R Centrifuge, 120V	TX-400 Swinging Bucket Rotor, 400mL Round Buckets, 4x50mL conical adapters (4), 9x15mL conical adapters (4)
75618382	Sorvall Legend X1R Centrifuge, 120V	
75418382	Sorvall ST 16 Centrifuge, 120V	
75818382	Sorvall ST 16R Centrifuge, 120V	
75103839	Sorvall ST 40 Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), 7x50mL conical adapters (4), 14x15mL conical adapters (4)
75253839	Sorvall ST 40R Centrifuge, 120V	
75063839	Sorvall Legend XT Centrifuge, 120V	
75213839	Sorvall Legend XTR Centrifuge, 120V	
75107473	Sorvall ST 40 Centrifuge, 120V	BIOliner Swinging Bucket Rotor, BIOliner Buckets (4), 10x50mL conical adapters (4), 22x15mL conical adapters
75257473	Sorvall ST 40R Centrifuge, 120V	
75067473	Sorvall Legend XT Centrifuge, 120V	
75217473	Sorvall Legend XTR Centrifuge, 120V	
Blood Processing		
75410885	Sorvall ST 16 Centrifuge, 120V	TX-200 Swinging Bucket Rotor, 200mL Round Buckets (4), ClickSeal Lids (4), 7x15/10mL blood collection adapters (4), 8x 5/7mL blood collection adapters (4)
75810885	Sorvall ST 16R Centrifuge, 120V	
75418180	Sorvall ST 16 Centrifuge, 120V	TX-400 Swinging Bucket Rotor, 400mL Round Buckets (4), ClickSeal Lids (4), 14x15/10mL blood collection adapters (4), 19x5/7mL blood collection adapters (4)
75818180	Sorvall ST 16R Centrifuge, 120V	
75101923	Sorvall ST 40 Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), 21x10mL blood collection adapters (4), 27x5/7mL blood collection adapters (4)
75251923	Sorvall ST 40R Centrifuge, 120V	
75107271	Sorvall ST 40 Centrifuge, 120V	BIOliner Swinging Bucket Rotor, BIOliner Buckets (4), ClickSeal Lids (4); 37x10mL blood collection adapters (4), 49x5/7mL blood collection adapters
75257271	Sorvall ST 40R Centrifuge, 120V	
Microplate Processing		
75412452	Sorvall ST 16 Centrifuge, 120V	M-20 Microplate Rotor
75812452	Sorvall ST 16R Centrifuge, 120V	
75060817	Sorvall Legend XT Centrifuge, 120V	TX-750 Swinging Bucket Rotor, Carriers for Microplates and T-75 Horizontal Flasks
75210817	Sorvall Legend XTR Centrifuge, 120V	
High-Performance Carbon Fiber		
75612963	Sorvall Legend X1R Centrifuge, 120V	TX-400 Swinging Bucket Rotor, 400mL Round Buckets, Fiberlite F15-8x50c Rotor
75210062	Sorvall Legend XTR Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), and Fiberlite F14S-6x250LE Rotor
75210063	Sorvall Legend XTR Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), and Fiberlite F15-8x50c Rotor
75210061	Sorvall Legend XTR Centrifuge, 120V	TX-750 Swinging Bucket Rotor, 750mL Round Buckets (4), and Fiberlite F13S-14x50c Rotor
<i>Please order with these Fisher Scientific catalog numbers to save more than 30% on these packages. Check with your sales representative for additional discounted cat. no.</i>		

Offers expire on 12/31/10. Products must be purchased between 7/1/10 through 12/15/10. Special offers must be redeemed by 12/31/10. Valid in the U.S. only. Not valid with any other offers, contracts or agreements. Void where prohibited. All offers based on U.S. listed prices.
