

**Fisher Safety**

A Fisher Scientific Company

*Product Lines and Suppliers*

*Protecting What Matters Most*

## Equipment you can rely on...

The safety of your workers is too critical to take risks with unknown equipment. That's why you choose to stay with familiar health and safety products from suppliers you trust. Fisher Safety is committed to providing you with quality products from those manufacturers.

But Fisher Safety gets involved more than a typical distributor. Experts from Fisher Safety work with the manufacturers to develop new and improved products, and they coordinate with the suppliers to offer informative safety training programs, too.

For more information or to place an order, just call the Safety Products Customer Service number, toll-free, at 1-800-772-6733.

*These symbols identify our Team Alpha and Core Elite Suppliers and stand for their commitment to provide Fisher customers with the highest levels of service and support available in the industry.*

## *Fisher is more than just a safety products supplier...*

### **Safety, Health and Environmental Support Services**

- With our Web-based training solutions, you can train every employee, in every facility, during any shift, at any time with fishertrainer.com. Custom develop, administer, manage and document your EH&S training programs through the Internet 24/7.
- We can provide a full range of professional consulting programs and services to assist you in designing, implementing and monitoring your company's Regulatory and Industrial Hygiene programs.
- Fisher Safety can assist your company in complying with Federal/State Safety, Health & Environmental training requirements with on-site classroom and hands-on training programs conducted by certified consultants and trainers.

### **On-Site Safety Stores**

- A fully stocked safety store located in your facility!
- Fisher Safety will manage the inventory, inventory replenishment, and dispensing of Safety and Controlled Environments Products to your employees when and where they need them.
- We can also maintain equipment, fit prescription eyewear, train employees and manage other commodities such as laundry programs for protective clothing.

### **Online Ordering/Online Catalogs**

- Our state-of-the-art Web site, [www.fishersci.com](http://www.fishersci.com), provides the convenience of online catalogs and links our ordering system with the Internet.
- Full search capabilities and online ordering make it easy to search for products, place orders, arrange payment, specify delivery, track orders, and manage your account information as closely as you need to.
- Browse through the Fisher Safety Products Reference Manual, the Fisher General Catalog, the Fisher HealthCare Catalog, the Fisher Chemical Catalog and the Acros Organics Catalog, or search through more than 245,000 products, all online!

### **Procurement Systems**

- Our on-site Requisition/Inventory Management System (RIMS) manages inventory, allows customers to place orders, and generates customized reports and bar-coded documents.
- A Fisher Customer Service Representative facilitates the interaction of your database of customer information with Fisher's systems, resulting in more efficient, streamlined management of your entire supply chain.
- Fisher Safety also offers other customized procurement solutions that can be built using your own www site or on a server in your network.
